### Tips for success in online learning

"Set aside a few hours each day if possible for school. If you feel yourself getting burnt out or doing too much, take a day or two break to recharge." ---Matthew Turner

### Study Tips

Know how to take notes from your reading. Take the time to practice the material you read.

When it gets tough, look at the "big" picture: How many classes do you have left to graduate?

Organization and planning! Keep a schedule of what is due and when.

Take each class one week at a time. Do not wait until the weekend to start looking at what's due.

### Why Choose WKU Online? #climbwithus

"WKU Online works better for me since I work a lot and can go at my own pace....you can take breaks when you need to" ----Precious Thomas
